# 1 Notes for Applicant

1. This document (“Application Form”) sets out the information required from Three Ireland (Hutchison) Limited<sup>1</sup> (“Three”) (the “Applicant”) should it wish to apply for an Interim B 2.1 GHz Band Liberalised Use Licence (“Application”).<sup>2</sup>
2. The Application and granting by the Commission for Communications Regulation (“ComReg”) of an Interim B 2.1 GHz Band Liberalised Use Licence are governed by the Wireless Telegraphy (Third Generation and GSM Licence (Amendment) and Interim Licensing) Regulations 2021 (S.I. No. 265 of 2021) (“2021 Regulations”). In particular, the 2021 Regulations detail the form and duration of an Interim B 2.1 GHz Band Liberalised Use Licence and the restrictions and conditions subject to which it would be granted by ComReg. The 2021 Regulations also amend the Wireless Telegraphy (Third Generation and GSM Licence) Regulations, 2002 and 2003 (S.I. No 345 of 2002 and S.I. No 340 of 2003) (“2002 and 2003 Regulations”) (together “the Regulations”).<sup>3</sup>
3. As Three holds an Existing B Licence<sup>4</sup> (L3G1002) and an associated 2.1 GHz Band Liberalised Use Licence<sup>5</sup> (21L1003), both of which expire on 1 October 2022 (together “Existing 2.1 GHz Band B Licences”), ComReg may grant an Interim B 2.1 GHz Band Liberalised Use Licence to Three for the period 2 October 2022 to 15 October 2022, as provided for by Regulation 5 of the 2021 Regulations.
4. An Interim B 2.1 GHz Band Liberalised Use Licence allows the Licensee to keep and have possession of, install, maintain, work and use Liberalised Apparatus for wireless telegraphy for terrestrial systems capable of providing Electronic Communications Services in the 2.1 GHz Band in the part(s) of that band to which the Licence relates for the duration of the Licence.
5. An Interim B 2.1 GHz Band Liberalised Use Licence is a “non-exclusive” Licence and all Liberalised Apparatus licensed under a Licence are required to comply with, among other things, the conditions of the Licence and relevant European Commission decisions for the 2.1 GHz Band, i.e. Decision 2012/688/EU (as amended)<sup>6</sup>.
6. A completed Application Form to ComReg should be submitted by **12 August 2022**.

### ***Spectrum Blocks and Licence Fees***

7. Under its Existing 2.1 GHz Band B Licences, Three currently holds spectrum rights of use to three paired 2 x 5 MHz blocks of spectrum in the 2.1 GHz Band for FDD Mode as set out in Part 4 below.
8. Three may apply to use only those 2 x 5 MHz blocks of spectrum for which, at the time of application, it holds rights of use under its Existing 2.1 GHz Band B Licences.
9. The fee for an Interim B 2.1 GHz Band Liberalised Use Licence is €120,508 per 2 x 5 MHz block.
10. Following receipt of a valid Application, ComReg will invoice Three in respect of the relevant licence fees which must be paid before the licence may issue.

### ***Validity and Submission of Applications***
