Communications Regulation

Information Notice

ComReg extends deadline for consultation on the Draft Code of Practice for Premium Rate Services

Document No:	10/109
Date:	22 December 2010

Following requests received from interested parties, the Commission for Communications Regulation (ComReg) has today extended the deadline for the submission of responses to its current public consultation on the draft Code of Practice for Premium Rate Services regulation (ComReg Documents 10/92a and 10/92b) to 4:00 pm on Monday, 31st January 2011.

Through this consultation, ComReg proposes modifying certain aspects of the existing Code of Practice (ComReg Document 10/54) and including additional provisions with the intention of ensuring that consumers are better informed of the costs of a PRS and the frequency of costs, in particular in relation to Subscription Services, before such costs are incurred.

ComReg welcomes the views of all interested parties on the issues raised in Documents 10/92a and 10/92b, Draft Code of Practice – Premium Rate Services and Consultation Premium Rate Services – Code of Practice. The Consultation documents are available on the ComReg website www.comreg.ie
