Under ComReg Decision D08/10¹, on Accounting Separation and Cost Accounting obligations, Eircom is required to publish HCA separated accounts for its financial year ending 30th June 2011. The statutory accounts for Eircom Ltd have not yet been finalised and Eircom as a consequence requires more time to complete the separated accounts while progressing its debt restructuring.

On 29th December 2011² ComReg, at the request of Eircom, granted an extension to the publication date of the HCA Separated Accounts to 29th February 2012. However, as the statutory accounts of Eircom Ltd have not yet been finalised Eircom has sought a further extension to the publication of its HCA Separated Accounts. This is until such time as the statutory accounts have been finalised. ComReg has acceded to this request.
