ComReg grants final extension to deadline for consultation on the Draft Code of Practice for Premium Rate Services

Document No:	11/05
Date:	28 January, 2011

Following a number of recent requests received from interested parties, the Commission for Communications Regulation (ComReg) has today further extended the deadline for the submission of responses to its current public consultation on the draft Code of Practice for Premium Rate Services regulation (ComReg Documents 10/92a and 10/92b) to 4:00 pm on Monday, 7 February 2011. This is the final extension to be granted for this consultation paper.

Through this consultation, ComReg proposes modifying certain aspects of the existing Code of Practice (ComReg Document 10/54) and including additional provisions with the intention of ensuring that consumers are better informed of the costs of a PRS and the frequency of costs, in particular in relation to Subscription Services, before such costs are incurred.

ComReg welcomes the views of all interested parties on the issues raised in Documents 10/92a and 10/92b, Draft Code of Practice – Premium Rate Services and Consultation Premium Rate Services – Code of Practice. The Consultation documents are available on the ComReg website www.comreg.ie
