

Office of the Director of
**Telecommunications
Regulation**

**Application Form for Point to Point Radio Link Licences
above 1 GHz**

Stage 1

Document No. ODTR 97/03

JULY 1997

Office of the Director of Telecommunications Regulation
Abbey Court,
Irish Life Centre,
Lower Abbey Street,
Dublin 1.

Notes for applicants

1. Please refer to the guidelines (ODTR 97/02) prior to completing this application form.
2. Applicants who only operate links above 20GHz need not complete questions 6, 8 and 10(b).
3. As outlined in the guidelines, there are limitations on the number of radio links an applicant will be licensed for in certain bands. If it transpires that multiple applications are being made to overcome this limitation the application will be rejected.
4. Applicants proposing networks of greater than 3 connected links should ensure that their stage 1 submission gives a clear overview of the extent of their network.
5. Your application will be assessed on your responses in the application form with any supporting information attached.
6. Every effort will be made to clear applications quickly so operations can start at the earliest possible date. To facilitate speed of processing, please ensure that your application is complete and clearly set out (typed). Incomplete applications may be returned requiring resubmission.

Stage 1 Application Forms for Radio Links

1. Name of Applicant:

Address:

Phone No:

Fax No:

2. Companies Office Registration No.
(To be given in the case of a Company).

3. Name of contact person
(If the contact person is not the same as the person(s) at 1. above, the applicant must nominate a technical contact who will be in a position to act for the applicant and to furnish information about the application if called upon to do so).

Name

Address:

Phone No:

Fax No:

4. Please indicate the purposes(s) for which each radio link is required.

Provision of Telecommunications Services to 3rd parties.

- Voice Telephony/Public telecommunications network
- Public mobile telephony
- Liberalised telecommunications services

Provision of Broadcasting Services

- Transmission of radio/television programs
- Retransmission of radio/television programs
- Services ancillary to broadcasting

Sale of Capacity

- to providers of liberalised telcomms service

Private use

- for internal corporate use

Other Purposes. Please outline:

5. If the radio link(s) to be used for more than one purpose, please specify the approximate apportionment of capacity:

Purpose	Apportionment of capacity (Mbits/s)

6. Please indicate which alternatives have been considered:

- Leased capacity from other providers
- Provision of own cable
- None
- Other alternatives.

Please give details:

7. Please indicate which of the following telecommunications licences are held/ have been applied for by the applicant.

Value Added Services Licence

Infrastructure Licence

Other Licence(s)

Please give details including reference number and date of issue:

8(a) Please advise of any proposals by the applicant to provide their own wired infrastructure which will substitute for one or all of the proposed link(s) .

8(b) Please provide details of any commitments on the provision of wired infrastructure that have been entered into including the expected dates of implementation.

9. Subject to renewal of the licence by the ODTR, for how long (months/years) is it envisaged the link(s) will be required ? _____ months/years.

10(a) Please provide the following information on each link being applied for on a separate schedule and in the following format.

Location A	Location B	Path Length (KMs)	Preferred Bands	Telecommunication s Capacity Proposed (Mbits/S)	Technology

10(b) For networks, schematics should be provided including any wired infrastructure.

11. If any links are unidirectional please specify, otherwise each link will be assumed to be bidirectional.

12. Please indicate the date(s) when it is intended to have the proposed radio link(s) in operation.

13. Has planning permission for the structures and antennae associated with the radio link been applied for/obtained? Please provide details.

If no planning permission is required please specify why?

14. What radio availability is requested per link? If above 99.9% please justify why a higher availability is requested.

15. If possible please indicate the proposed equipment supplier and the proposed equipment details.

3. Declaration by the Applicant

I have read the guidelines for applicants for point to point radio links in spectrum above 1 GHz (ODTR 97/02).

I agree to comply fully with all the terms and conditions of the licence, if granted, in accordance with the Wireless Telegraphy (Radio Link Licence) Regulations, 1992.

The ODTR will endeavour to minimise the potential for interference. I accept that the ODTR will not be liable for any interference received from other licensed users and that I will comply with whatever the ODTR requests in preventing interference being caused by this radio link(s) to other licensed users of the radio spectrum.

I accept that a licence does not confer any right of ownership of the frequency spectrum. It allows the assigned frequency channel to be used during the term of the licence in accordance with the conditions of the licence.

I certify that all information provided on this form, including all documentation attached, is true and accurate.

Signature of Applicant:

Name in Block Letters:

Date:

If applicant is a company, please state position held:

Completed Application Forms should be sent to:

Office of the Director of Telecommunications Regulation,
Abbey Court,
Irish Life Centre,
Lower Abbey Street,
Dublin 1.
